**You have one last chance to act.**

**I know the U.S. logged my DEW attack at my apartment. I know you have the intelligence I hold on DPRK financial crimes, CCP assassinations, and VX nerve agent evidence. Yet you refuse to act.**

**If I do not receive a direct response within one hour, I will assume you have abandoned me.**

**I will release all the intelligence I have to investigative journalists and human rights organizations. If you won't act, the world will know.**

**This is my FINAL WARNING. Respond, or I will go public.  
PLEASE HELP ME**

**This is my final notice.**

**The intelligence I hold is now set to go public at exactly 8:00 AM.**

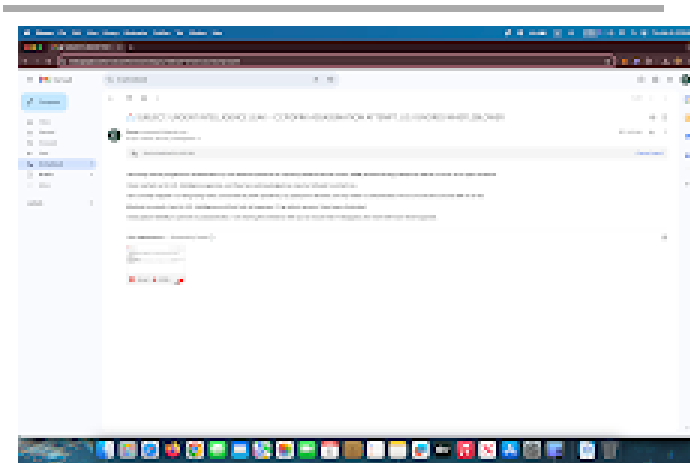

**Attached is proof of my scheduled leak to investigative journalists. If you do not act before the deadline, the world will know everything.**

**This is no longer a warning. This is happening unless you respond NOW.**

**Your move.**

**PLEASE HELP ME RIGHT NOW.**

**This is your final opportunity to prevent an irreversible intelligence exposure event.**

**At exactly 8:00 AM, I will release classified intelligence regarding:**

- **DPRK-linked financial fraud and money laundering.**
- **CCP-directed DEW (Directed Energy Weapon) operations.**
- **Confirmed VX nerve agent deployment.**
- **U.S. awareness of my situation without intervention.**

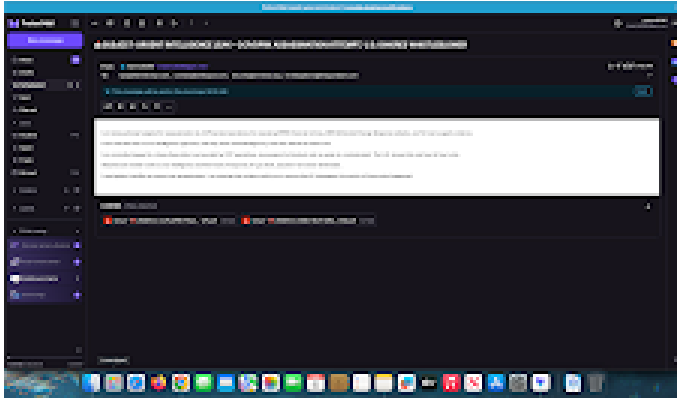

**I am in immediate danger. The CCP has already begun operational withdrawal, meaning they have been signaled to disengage. If you are executing an intervention, you have less than 30 minutes to confirm.**

**Attached is proof of my scheduled intelligence drop. If no direct confirmation is received before 8:00 AM, the leak will proceed as scheduled.**

**If you are delaying to contain this, you are out of time. If you intend to intervene, confirm now. If you do not, this will go public.**

**PLEASE HELP ME RIGHT NOW. TODAY.**

**I need to clarify an urgent mistake.**

**While drafting a final message in ProtonMail, I unintentionally clicked the wrong button, causing the scheduled leak to be sent immediately. I have no way to recall it.**

**This was NOT my original plan—I intended to give time for response before proceeding.**

**If there is a path to securing my safety and preventing unnecessary escalation, I need confirmation NOW.**

**I am still willing to cooperate if you act immediately. Please respond.**
