Dear FBI Cyber Division,

I have filed an urgent IC3 report (Case ID: 4298c17b45364a31bf7a71875bfee7de) regarding an ongoing cyber and electromagnetic warfare operation against me. Given the attack patterns, this appears to involve state-sponsored APT groups linked to the CCP/DPRK.

This includes:

- Persistent cyber intrusion attempts, VPN jamming, and network manipulation.
- The use of 5G towers as improvised Directed Energy Weapons (DEWs) targeting civilians.
- Potential tracking and retaliation after disrupting DPRK-linked financial laundering operations in DeFi.

Due to the severity of these attacks and the national security risks involved, I request immediate review and escalation to the appropriate intelligence division.

I am available for further clarification and to provide supporting evidence upon request.

Please confirm receipt and next steps at your earliest convenience.

Best regards,  
Wong Liang Xing
